

USBenefits
Insurance Services, LLC

Specific Large Claim Notification

Written notice must be given to USBenefits Insurance Services, LLC. immediately upon the administrator's notification of a claimant diagnosed with any of the catastrophic medical conditions outlined below OR when an individual's claim has reached 50% of the specific deductible. The renewal or prospective rates and/or factors are subject to change back to the effective date if the account is materially affected by this late notification of additional claim liability.

A notice is not necessary if the claimant has already had a submission for reimbursement or there has been no change from the last notice.
